PETER WERNER & WILFRIED NOBEL Preface to the first volume of the journal CONTUREC	1
SASCHA ABENDROTH, NORBERT MÜLLER & STEPHAN PFÜTZENREUTER Implementing the Convention on Biological Diversity (CBD) in urban areas – background to the 2004 conference in Jena and stage of efforts within international context	3
HERBERT SUKOPP Which biodiversity should be conserved in urban areas?	15
MATTHIAS RICHTER Theories about the further development of biodiversity in Central European cities and their evaluation	19
FRANK HELLWIG How fast do new species develop – about the evolution of plants in urban areas	25
NORBERT MÜLLER Which plants are most successful in big cities - a global comparison of metropolises of the northern hemisphere	26
PETER KEIL & GÖTZ HEINRICH LOOS Neogenic taxa in the urban-in-dustrial areas of the Ruhrgebiet (Northrhine-Westphalia, Germany) – a first overview	27
THOMAS JUNGHANS & EBERHARD FISCHER Secondary habitats for cormophytes in urban areas by example of the walls in the Mannheim - Heidelberg area (Baden-Württemberg)	35
RÜDIGER WITTIG Diversity of wildflowers and their habitats in villages	53
HEINZ-DIETER KRAUSCH Diversity of ornamental plants in villages and cities	59
JOSEF H. REICHHOLF Paradoxical Diversity? Reasons of faunistic diversity in cities	71
HARTMUT GEIGER Of Mice and Men – Bats and Bat Conservation in urban Areas	72
ULRICH BÖßNECK New citizens among snails - part of mollusce diversity in urban areas?	73
KONRAD REIDL Biosphere Reserves in urban-industrial landscapes - a contribution to biodiversity?	79
HERBERT SUKOPP History of urban ecology	93
STEPHAN PFÜTZENREUTER Reasons for biotope mapping in Thuringian villages	101
THOMAS SCHIKORA, VOLKER GORFF, ANJA WALTER, SUSANN SCHLEIP & ULRICH VAN HENGEL UNTER MITARBEIT VON WOLF ALEXANDER TURNEWITSCH, WERNER WESTHUS & BERND SCHNEIDER Biotope mapping in Thuringian villages - procedures and results	105

HEIN STAIGER & NORBERT MÜLLER Biotope mapping in Thuringian villages - application in the communities	115
HERGUND BLUDSZUWEIT Nature conservation in the action plan "Our village has to be better - our village has a future"	131
JOSEF HÜBSCHEN The urban ecological contribution for landscape planning in North Rhine-Westphalia	135
ANDREAS LANGER Conservation and utilisation of urban nature in Berlin - the example "Railway area Schöneberger Südgelände"	145
SASCHA ABENDROTH, SAREL S. CILLIERS & NORBERT MÜLLER Biotope mapping in South Africa	153
