

## CONTENT

<b>PETER WERNER &amp; WILFRIED NOBEL</b> Preface to the first volume of the journal CONTUREC	1
<b>SASCHA ABENDROTH, NORBERT MÜLLER &amp; STEPHAN PFÜTZENREUTER</b> Implementing the Convention on Biological Diversity (CBD) in urban areas – background to the 2004 conference in Jena and stage of efforts within international context	3
<b>HERBERT SUKOPP</b> Which biodiversity should be conserved in urban areas?	15
<b>MATTHIAS RICHTER</b> Theories about the further development of biodiversity in Central European cities and their evaluation	19
<b>FRANK HELLWIG</b> How fast do new species develop – about the evolution of plants in urban areas	25
<b>NORBERT MÜLLER</b> Which plants are most successful in big cities - a global comparison of metropolises of the northern hemisphere	26
<b>PETER KEIL &amp; GÖTZ HEINRICH LOOS</b> Neogenic taxa in the urban-in-dustrial areas of the Ruhrgebiet (Northrhine-Westphalia, Germany) – a first overview	27
<b>THOMAS JUNGHANS &amp; EBERHARD FISCHER</b> Secondary habitats for cormophytes in urban areas by example of the walls in the Mannheim - Heidelberg area (Baden-Württemberg)	35
<b>RÜDIGER WITTIG</b> Diversity of wildflowers and their habitats in villages	53
<b>HEINZ-DIETER KRAUSCH</b> Diversity of ornamental plants in villages and cities	59
<b>JOSEF H. REICHHOLF</b> Paradoxical Diversity? Reasons of faunistic diversity in cities	71
<b>HARTMUT GEIGER</b> Of Mice and Men – Bats and Bat Conservation in urban Areas	72
<b>ULRICH BÖßNECK</b> New citizens among snails - part of mollusce diversity in urban areas?	73
<b>KONRAD REIDL</b> Biosphere Reserves in urban-industrial landscapes - a contribution to biodiversity?	79
<b>HERBERT SUKOPP</b> History of urban ecology	93
<b>STEPHAN PFÜTZENREUTER</b> Reasons for biotope mapping in Thuringian villages	101
<b>THOMAS SCHIKORA, VOLKER GORFF, ANJA WALTER, SUSANN SCHLEIP &amp; ULRICH VAN HENGEL UNTER MITARBEIT VON WOLF ALEXANDER TURNEWITSCH, WERNER WESTHUS &amp; BERND SCHNEIDER</b> Biotope mapping in Thuringian villages - procedures and results	105

<b>HEIN STAIGER &amp; NORBERT MÜLLER</b> Biotope mapping in Thuringian villages - application in the communities	115
<b>HERGUND BLUDSZUWEIT</b> Nature conservation in the action plan "Our village has to be better - our village has a future"	131
<b>JOSEF HÜBSCHEN</b> The urban ecological contribution for landscape planning in North Rhine-Westphalia	135
<b>ANDREAS LANGER</b> Conservation and utilisation of urban nature in Berlin - the example "Railway area Schöneberger Südgelände"	145
<b>SASCHA ABENDROTH, SAREL S. CILLIERS &amp; NORBERT MÜLLER</b> Biotope mapping in South Africa	153
